

COURT WILL DECIDE TODAY

HEARING OF SUIT BROUGHT AGAINST J. DICKSON

Evidence yesterday went to show that Defendant Ows Mrs. F. S. Buck Less Than Forty Dollars The Buck-Dickson case at last came to a hearing yesterday before Justice McDonald, and today he will render his decision, having taken the matter under consideration. The evidence introduced yesterday was favorable to the defendant in the case. In her complaint Mrs. Buck alleged that the sum of \$40 was due her. After all the evidence was in this amount was materially cut down, and when Justice McDonald renders his decision Mrs. Buck will be granted an amount much less than she sued for. The defendant through his attorney, George Neale, introduced evidence to show that he had advanced various sums of money to Mrs. Buck while she was employed by him as stenographer for the New Era Mining company in this city, a position she came from Phoenix to accept. While questioning the defendant, Attorney Neale brought out the fact that she had received some money from the defendant, and that he had in other ways advanced sums that were placed to her credit. The defense maintained that the plaintiff had taken in money on the sale of stock certificates that was not charged to her. This was denied. The defendant alleged that only seven days' work had been performed by Mrs. Buck. She claims twenty. This difference is due to the question of three days work that alleged to have been performed on three holidays. The defense tried to prove that \$5 in money had been advanced the plaintiff, which was denied by the plaintiff. These and several other questions are to be decided by the court when a decision is rendered today.

SHOULD INVITE HIM TO COME

PRESIDENT ROOSEVELT WILL VISIT ARIZONA IN MARCH

Local Spanish-American War Veterans Are Anxious to Have Him Invited to Pay This City a Visit President Roosevelt may visit this city some time next March. He will be in Arizona on his western tour, during the early part of that month. Governor Brodie has received a response from the President to an invitation to include Arizona in his itinerary. He has replied by saying that it would give him pleasure to learn by personal contact the resources of this territory. President Roosevelt should by all means be extended an invitation to visit this city and the great Copper Queen mine. By coming to this city he would be able to gather a better idea of the mineral resources of the territory than he could obtain by a visit to any other one mining camp. Several citizens who were asked yesterday what they thought about extending an invitation to the President through the city council, said that it should by all means be done, and without any further delay. The President and his party will stop at El Paso before coming any further west. It has been suggested that he be brought to this city over the El Paso and Southwestern railroad, and returned to the Southern Pacific at Benson. George Roberts, who served under President Roosevelt in the Rough Riders, during the Spanish-American war, said yesterday while talking of the intended visit to Arizona of President Roosevelt: "By all means, have an invitation sent to the President to visit this city. It might be well to extend the invitation through Governor Brodie, who served with the President in the Spanish-American war. "I am sure that the Spanish-American war veterans, who are in the city would be willing to take the lead in tendering the visitor a big reception. We would be only too glad to have the chance." Johnny Mul'en, another veteran of the late war, stated that he hoped the President could be induced to visit the city while he is in the west. "It will be many years before Bisbee has another such opportunity," said he.

KNIGHT SWEPT STREET
Russian Refugee Gets Good Position in Washington, D. C.
Washington, Jan. 21.—Felix Nicholas Przegonia Hryniewiecki, a Polish knight, has been appointed to a position in the immigration bureau at a salary of \$1,200 annually. He is a graduate of two of Europe's foremost institutions of learning and is an accomplished linguist. For the last year Felix has been sweeping the asphalt pavement of Washington as an employee of the street cleaning department. He came from Lubin, Russian Poland, where his father, a nobleman, once possessed an estate of 17,000 acres. His father and brother were banished to Siberia for political offenses and Felix fled to this country. He was penniless when he arrived in Washington and almost starved before he secured a place in the street sweeping gang.

SCOTT WHITE HAS NOT RESIGNED
The Review is in receipt of a telegram from W. C. Greene, dated at New York, January 20th, in which he says: "No truth in rumor that Scott White has resigned as treasurer of the Cananea Copper company. He has been appointed general manager of the Green Consolidated Co. and is now arranging for active work on the property."

The Green Consolidated company, we understand, is a gold proposition located about fifty miles south of La Cananea and will be worked on a large scale.

RAID COAL TRAIN
New York, Jan. 21.—A crowd of men, women and children today attacked a train of seven carloads of coal on the Long Island railroad near Brooklyn yard. Many of those who took coal say they are willing to pay for it, and that it was only after futile efforts to buy coal that they decided to raid the train.
